# ZEON

LIKE NOTHING  
YOU'VE EVER  
SEEN BEFORE

Convertible control pack allows for various winch mounting options and looks.

ZEON is a completely new winch design, reengineered from the ground up.

## WINCHING. EVOLVED.

WARN ZEON. THE NEXT GENERATION OF WINCHES FOR TRUCK AND SUVs

Available with steel or WARN® Spydura® synthetic rope.

Extreme sealing and corrosion resistant finish and fasteners. Built for the long haul.

The new WARN® ZEON™ winch changes things—forever. Tough enough to tackle anything you will, with a look that is advanced, capable and strong. ZEON is a design masterpiece that defines the next generation of winches from Warn Industries.

Wherever you go, the ZEON winch excels. Muck-busting sealing keeps out everything but the good times. Add a massive satin-black cast-aluminum housing, hyper-durable finish and an efficient new motor and, well, you've got a workhorse unit you can trust for years to come.

The convertible control pack further separates the ZEON from the land of bland. Mount the contactor separately, or together with the winch for an integrated look. You've never seen anything like the WARN ZEON. Neither has anyone else.

# ZEON. BRING IT ON.

Don't let the ZEON's good looks fool you. We've packed it with the performance features off-roaders said they needed most. From a heat-dissipating brake down to an incredibly smooth planetary gear train, the ZEON is ready to hit the trail. Are you?

**Satin-black powder-coated finish**  
The black look that attracts compliments while it resists corrosion.

**Convertible control pack**  
Lets you mount the control pack separately from the winch, or keep it attached for an integrated look. Your choice.

**Contactor control**  
Another piece in the durability and reliability puzzle: built to weather the storm for the long run.

**Fast line speed, low amp draw**  
Maximize your winch line speed while you minimize the strain on your charging system.

**New motor and motor housing**  
Hello extra power and durability; goodbye loud noise and exposed wires.

**Improved sealing**  
Keeps the water, muck, slop and crud out of your winch. IP-68 rated.

**New three-stage planetary gear train**  
It's about as fast and reliable as a gear train gets. Plus a new ergonomic easy-throw clutch lever.

**Stainless steel hardware**  
Corrosion resistance runs deep in this winch construction.

**Automatic mechanical brake**  
Powerful brake holds the full-rated load and provides great control while winching.

**New aluminum drum design**  
Large diameter for less wear on the winch rope. Includes an integrated rope anchor point for easy winch rope replacement.

**Carrying on the WARN legend and Limited Lifetime Warranty**  
ZEON has a limited lifetime warranty on mechanical parts, and a one-year warranty on electrical components. This is all backed by a global service network, and a WARN name that's solid as rock.

### Control Pack Relocation Kit

Hardware and wiring required to mount control box remotely from winch.

PN 89970 (Short kit)  
PN 89960 (Long kit)

### ZEON Winch Rope Cover

Customize your winch's look and protect the winch rope with this durable cover.

PN 87555 (Slotted design, pictured above)  
PN 89775 (Solid design. See warn.com for photo)

### Medium Duty Accessory Kit

Essential gear for getting the most out of your WARN winch. Includes snatch block, tree trunk protector, recovery strap, two D-shackles, heavyweight denier carry bag, and WARN winching gloves.

PN 88900
