

MIX-N-MATCH

The Evolution CTS is a tuner that reprograms the truck's computer to improve performance. The in-cab monitor and digital gauge display is a full-color, high resolution 4.3-inch, touch screen device. The CTS has all the features of a CS but also comes equipped with a video-in port allowing users to connect to Edge's state-of-the-art back-up camera (sold separately including night vision and locking license plate mount) or any compatible off-the-shelf backup camera.

Part No.

- 85200 Diesel
- 85201 Diesel (California Edition)
- 85250 Gas

The Evolution CS is a tuner that reprograms the truck's computer to improve performance. The in-cab monitor and digital gauge display is a full-color, high resolution 2.4-inch, button-controlled screen. The CS features a ruggedized case, user-friendly buttons, an easy-to-navigate menu, and a light sensitivity meter that automatically adjusts the brightness for improved viewing for day and night driving.

Part No.

- 85100 Diesel
- 85101 Diesel (California Edition)
- 85150 Gas
