

## Vision X Lighting Introduces Mini Incident Response Case

*Self-contained collapsible compact design for emergency and scene lighting*

**August 14, 2014 – Auburn, WA** – Vision X Lighting introduces the next generation in incident response lighting innovation. This new mini incident response case features a compact storage height of only 24 inches, and sets up in seconds with eight foot extensions to blanket any scene with intense light. Lasting up to 12 hours on a full charge of the self-contained power cells, this all-weather unit is the perfect portable lighting solution.

The mini incident response case (XLS) comes with three different lighting variations: 2 DURA Work 4 LED Lights, 4 Solo Pod LED Lights or 2 Utility Market Square 7 LED Lights. Producing up to 6,902 lumens, the mini incident response case is the perfect lighting solution for emergency response, flagging stations, roadside assistance, scene lighting and other portable lighting scenarios. The case comes complete with a 12 volt output power source, usable to jump start vehicle batteries, as well as charge the case using the 12 volt power posts.

### Key Features:

- Set Up in Seconds With No Tools Required
- Up to 8 Foot Light Extension (24" Storage Height)
- Flashing Yellow LED on Base for Added Safety
- Provides Light Up to 12 Hours on Full Charge
- Self-Contained Rechargeable Power Cell

- 12V Output Power Source
- Jump Start Vehicle or Charge With 12V Power Posts

Along with launching this new mini incident response case, Vision X Lighting is also announcing a price drop on the standard incident response cases (XLS-26BP and XLS-4S1101BP), reducing the price from \$2,699 to \$2,399; effective today. The standard incident response features a water tight seal when stored, wheels and extendable luggage handle.
