FOR TRUCK

CALIBRATION TOOL

INTRODUCING THE ALL-NEW FLASHCAL F5 FOR TRUCK

If you are a truck owner who is looking for a device to help calibrate for your larger aftermarket tires, read/clear trouble codes, adjust your speed limiter and more, then look no further. The Flashcal for Truck is a product designed to give quick features and calibration tools to truck owners at a great price. The days of clunky, outdated calibration tools are over. Flashcal has trucks covered, and the market cornered, with quality and pricing that can't be matched.
