

SKYJACKER[®]

SUSPENSIONS

2009-2010 FORD F-150

NEW 4"-6" SUSPENSION

Skyjacker's new lift for the 2009 & 2010 Ford F-150 is another prime example of Skyjacker's innovation in the suspension market. This new lift package features CNC machined steering knuckles to maintain the correct steering geometry, front & rear crossmembers, as well as adjustable front struts to provide the best ride possible and achieve 4"-6" inches of lift. All the necessary grade-8 hardware is supplied for this complete, easy to install kit. *Note: 20" wheel required.*

Skyjacker[®] also offers a 1"-2.5" adjustable front leveling strut as well as a 2" leveling kit.

F9461KS
