The AMP Research PowerStep™ seamlessly extends when any door is opened, giving a rock-solid, safe and convenient step up into your truck. (2010 Ram 15000 Crew Cab shown.)

Genuine AMP Research PowerStep™ electric running boards for Dodge Ram trucks

- Made in USA
- Integrated LED Light System – Standard
- High-strength, die-cast aluminum-alloy linkage arms, anodized and Teflon® coated to resist corrosion
- Precision, zero-maintenance stainless-steel pivot pins
- Extruded aluminum steps with a textured powder-coat finish for maximum grip and durability
- 600 lb load capacity (each side)
- Weatherproof, OEM-quality electric motors and wiring harness with sealed weather-tight connectors
- AMP-designed electronic controller employs pressure-sensitive, pinch-proof safety technology
- 5-Year/60,000 Mile Warranty

Retracts smoothly, streamlining the vehicle and keeping the PowerStep™ clean, and protected with no loss of ground clearance.

RAM TRUCKS

1999-2011

Designed and built exclusively in the USA, the genuine AMP Research PowerStep™ seamlessly extends when any door is opened, giving a rock-solid, safe and convenient step up into your truck. When the doors close, it retracts just as smoothly, streamlining the vehicle profile with no loss of ground clearance. The original AMP Research PowerStep™ is proven to perform in severe driving conditions and is backed by a full 5-year/60,000 mile warranty – the best in the business.
