The AMP Research PowerStep™ retracts smoothly, streamlining the vehicle while keeping the stepping surface clean with no loss of ground clearance. Shown on a 2010 GMC Sierra Crew Cab pickup.

Genuine AMP Research PowerStep™ retracting running boards for GM trucks and SUVs.

- Made in USA
- Integrated LED Light System – Standard
- High-strength, die-cast aluminum-alloy linkage arms, anodized and Teflon® coated to resist corrosion
- Precision, zero-maintenance stainless-steel pivot pins
- Extruded aluminum steps with a textured powder-coat finish for maximum grip and durability
- 600 lb load capacity (each side)
- Weatherproof, OEM-quality electric motors and wiring harness with sealed weather-tight connectors
- AMP-designed electronic controller employs pressure-sensitive, pinch-proof safety technology
- 5-Year/60,000 Mile Warranty

The AMP Research PowerStep™ seamlessly extends when any door is opened, giving a rock-solid, safe and convenient step up into your truck. Shown installed on a 2005 Chevrolet Tahoe

Designed and built exclusively in the USA, the genuine AMP Research PowerStep™ seamlessly extends when any door is opened, giving a rock-solid, safe and convenient step up into your truck. When the doors close, it retracts just as smoothly, streamlining the vehicle profile with no loss of ground clearance. The original AMP Research PowerStep™ is proven to perform in severe driving conditions and is backed by a full 5-year/60,000 mile warranty – the best in the business.
