# NEW RELEASE

## NEW! **EVOLUTION** CTS

## CS

### FEATURES

- Full-color, high-resolution, 4.3 inch touchscreen (CTS model)
- Full-color, high-resolution, 2.4 inch button-controlled (CS model)
- Available for GAS and DIESEL trucks **SEE VERSION 2.0 APPLICATIONS**
- Adds up to 100 horsepower and 210 ft-lbs of torque on DIESEL vehicles\*
- Adds up to 40 horsepower and 50 ft-lbs of torque on GAS vehicles\*
- Improves fuel-economy and towing capabilities
- Monitors and displays Diesel Particulate Filter (DPF) status on new emission diesel trucks.
- Adjusts for non-stock tire sizes to display true speed\*
- Includes light sensitivity meter to dim screen as ambient light decreases
- Installs in minutes with no tools required
- Ships with a universal suction cup mount and is compatible with all Edge custom dash pods (sold separately)
- Internet Updateable

### SCAN TOOL/DIAGNOSTICS

The Evolution functions as a diagnostic tool to display and clear trouble codes with full code description.

- Display injector balance rates\*

### GAUGES

The Evolution is a comprehensive gauge package that stays mounted in the cab of the truck and displays up to eight of as many as 22 different parameters at a time. Monitors vital engine data, such as engine coolant temp, transmission fluid temp, engine oil temp, and RPM, just to name a few.

### PERFORMANCE TESTING, ALERTS & RECORDS

Performs and records 0-60 and quarter-mile times; quarter-mile MPH; peak engine temperature, RPM, speed and transmission temperature values. Sounds audible alters when user-defined values are reached and automatically records the highest value of key parameters.

### EXPANDABLE (items sold separately)

- Compatible with optional Edge Accessory System (EAS) to allow users to connect multiple, additional accessories
- Compatible with optional EGT pyrometer for engine protection

### BACK-UP CAMERA

(sold separately - CTS model only)

The Evolution CTS features a built-in video port that allows users to connect the state-of-the-art Edge back-up camera, or other compatible video source directly to the CTS unit.

\* Features and benefits may vary based on vehicle make and model

Monitors vehicle vitals by displaying up to 8 different parameters at a time

Easy to navigate menus and multiple power programs

Perform 0-60 and quarter-mile performance tests as well as engine diagnostic scans

CTS is back-up camera ready and engages camera on screen when vehicle is in reverse

# ACCESSORIES

## EDGE ACCESSORY SYSTEM (expandable)

The Edge accessory system (EAS) was created with future expandability in mind. The architecture of the EAS allows users to connect multiple accessories daisy-chain style to the Evolution CS or CTS. This means Edge can create optional accessories that can be added by the owner at any time. A second exhaust gas temperature (EGT) probe is one example of an optional accessory that will be offered by Edge. Look for a variety of other optional accessories to become available in the near future.

PART #	MSRP	MVP	JOBBER	SHIP	WT.	DESCRIPTION	UPC	L	W	H	UOM
98603	\$161.25	\$129.00	\$123.36	UPS	I	EAS Starter Kit w/ EGT Cable for CS and CTS (expandable)	810115010678	9.5	6.25	2.75	EA

## BACK-UP CAMERA

The Evolution CTS has a built-in video port that allows users to connect the state-of-the-art Edge back-up camera to the CTS unit. This high-resolution, 4.3 inch color screen

of the CTS will allow users to see what's going on behind them with the Edge camera connected. The camera mode on the Evolution CTS automatically engages when the vehicle goes into reverse. The Edge back-up camera comes with an anti-theft locking license plate mount, night vision capability so you can see in the dark and all cables and parts necessary to make a clean, easy installation with the Evolution CTS. The back-up camera option is a must have for towers and safety-conscious drivers. The Evolution CTS can also connect to any off-the-shelf back-up camera with an NTSC signal and standard RCA jack.

PART #	MSRP	MVP	JOBBER	SHIP	WT.	DESCRIPTION	UPC	L	W	H	UOM
98200	\$373.75	\$299.00	\$285.92	UPS	3	Back-up Camera for CTS	810115010685	9.5	6.25	5	EA

## EGT ACCESSORY (non-expandable)

For those diesel customers not interested in future expandability and optional future accessories, Edge offers a simple, inexpensive, non-expandable EGT sensor that allows users to monitor critical exhaust gas temperatures to ensure added power is not creating excessive heat which in turn can cause engine damage.

PART #	MSRP	MVP	JOBBER	SHIP	WT.	DESCRIPTION	UPC	L	W	H	UOM
98601	\$123.75	\$99.00	\$94.67	UPS	I	EGT Accessory for CS and CTS (non-expandable)	810115010692	9.5	6.25	2.75	EA

## CUSTOM DASH POD/PILLAR MOUNT

Edge offers a wide variety of custom dash pods for various vehicle makes and models. These pods combine with the Edge Evolution to make your truck look like it came from the factory with the product installed. The custom dash pods are perfect for customers that want style, fit and finish to match the best-in-class power and control engineered into every Edge product. No competitor can rival Edge style!

PART #	MSRP	MVP	JOBBER	SHIP	WT.	DESCRIPTION	UPC	L	W	H	UOM
VARIES*	\$50	\$40	\$38.25	UPS	I	Edge Custom Dash Pods compatible with CS and CTS (with CTS adapter kit)	-	-	-	-	-
