

FOR IMMEDIATE RELEASE

Meyer Distributing and Vehicle Specialties Inc. Join Forces in High Performance Automotive Parts

Jasper, IN | January 24, 2014

Meyer Distributing, Inc., a leader in automotive specialty products marketing and distribution, announces it is joining forces with Vehicle Specialties, Inc. in Hammond, IN. Meyer will use its logistical capabilities to bring enhanced service to VSI customers. The Hammond facility will remain in operation continuing to work with its suppliers and customers and focusing on growth in the high performance and racing parts industry.

"We are very eager to enter the performance industry wholeheartedly with this acquisition. VSI is very well respected among customers and suppliers so it's a great fit," states Nick Gramelspacher, VP of Sales and Marketing at Meyer. "Being able to offer legendary product lines such as MSD, Comp Cams, Edelbrock, and many others across our nationwide network is of great excitement and opportunity."

"VSI is excited to team up with Meyer! Both companies pride themselves on superior customer service and extensive parts knowledge," says Fred VanSenus, owner of VSI. "By joining forces we will be able to offer hundreds of additional product lines to our existing customer base."

"VSI fits into Meyer's logistical network very well," states Jeff Braun, CFO of Meyer. "Shipping small parts has always been a specialty for VSI, but with Meyer's fleet we can transport racing seats and slicks, superchargers, fuel cells, and a whole host of other bulky performance parts faster and cheaper than the industry standard."
