CONSERVATIVE BUSINESSMAN MIKE BRAUN

FOR UNITED STATES SENATE

“I made my career in the private sector. Our country needs more people who can tackle big issues from perspectives gained running a business **and not from a career politician’s perspective.**”

MEET MIKE BRAUN

Mike Braun is a conservative businessman running for the United States Senate.

Mike is running because Hoosiers are ready for leaders who can break the stranglehold career politicians have on the federal government and bring conservative change to Washington. Mike knows that President Trump is going to need reinforcements if he is going to drain the swamp in D.C., and replacing Democrat Senator Joe Donnelly with a Hoosier conservative who can get the job done is a good place to start.

Mike Braun is the only candidate in the Republican Primary who can beat Joe Donnelly in the general election.

As a businessman coming from outside of Washington, Mike can focus on Joe Donnelly's record as a career politician who has consistently voted with Washington liberals and stood with Barack Obama as he weakened our country at home and abroad. Mike is the only candidate who can hold Donnelly accountable for the burdensome regulations and misguided liberal policies that are hurting Hoosiers.

As a State Representative, Mike has partnered with conservative leaders like Vice President Mike Pence to deliver results for Hoosiers. The 2016 Indiana General Assembly was ranked as the most conservative legislative body in the country. Mike has also been a strong defender of Hoosier values and has a record of delivering results for Hoosier taxpayers during his short time in the Indiana Statehouse.

Mike is running for the Senate because he believes that Washington needs more people with experience in the private sector, not politics. Mike has spent his career building a business and creating jobs. Hoosiers need leaders like Mike Braun who understand the real consequences of the failure of our federal government and can deliver conservative solutions to our problems.

“Republicans are targeting a quintet of senators from conservative states where Trump walloped Hillary Clinton: Montana, Missouri, Indiana, North Dakota and West Virginia. The GOP could amass a filibuster-proof majority by running the table in those states and other battlegrounds.”

“Both [Rokita and Messer] say they’re focused on running campaigns that can eventually defeat Donnelly — but they frequently fall back into a now-familiar habit, nipping at each other instead of their Democratic foe.”

— THE GOP’S NASTIEST PRIMARY, *POLITICO*, 8/15/17

“I’ve spent my life building a business and creating jobs.”
